OBJECTIVE

- To contribute in a developer role that makes use of everything I've got: technical skill, a propensity for creative thought and problem solving, a work ethic and attitude that facilitates teamwork, and an itch to learn and grow.

TECHNOLOGIES

- C#/ASP.NET, JavaScript, Python, HTML, CSS, Microsoft SQL, MySQL

PROJECTS

MeMiXReMiX - <https://github.com/JohnPuskas/MeMiXReMiX>

- A creative web app for interactive music. The app allows users to create and save music made by selecting from a variety of music loops. Technologies used include C#/ASP.NET, JavaScript, Web Audio API, HTML, and MS SQL.

CheeseMVCPersistent - <https://github.com/JohnPuskas/CheeseMVCPersistent>

- Project for LaunchCode LC101 course that expanded functionality for an existing application. The added features used an MVC architecture and allowed users to make entries into a persistent database with one-to-many and many-to-many relationships. Technologies used include C#/ASP.NET, MS SQL, and HTML.

TECHNICAL EDUCATION

LaunchCode Liftoff, St. Louis MO

Currently Enrolled

- 8 week class for developer career readiness. Agile, GitHub, and other workflow topics covered while independently developing a personal project.

LaunchCode LC101, St. Louis MO

December 2018

- 6 month course featuring programming in C#/ASP.NET and Python, and web basics. Course material included C#/ASP.NET, Python, Flask, Jinja, MySQL, SQLAlchemy, HTML, and CSS.

EMPLOYMENT HISTORY

Deli Team Member, Whole Foods, St. Louis, MO

2011-2018

- Earned a reputation with teammates and team leaders as patient and easy to work with.

OTHER EDUCATION

UMSL, St. Louis, MO

- Completed courses in Algebra, Trigonometry, Logic, and Philosophy.

CREATIVE PASSION

- I am a lifelong learner as a musician and music producer. I love to stretch my creative boundaries and come up with different approaches in all spheres, musical or otherwise.
